The Argus states that the circulation of the Bank of Lyons is about \$100,000, most of which will probably be a loss to the Safety Fund. The capital is \$200,000. Among the assets are \$30,000 of its own stock, which, we are told, was taken of the Black Rock millers as part security for upwards of \$100,000 loaned them. In relation to this Bank, the Butof \$100,000 loaned them. In relation to this Bank, the Buffalo Commercial says that, some time since, the Bank Com- House, Port of New-York missioners, finding that the Bank had lost 30 per cent, of its capital, directed the Directors to call upon the stockholders to make good the loss. A meeting was called, and the stockholders declined paying. There was a report in the street to-day that the Comptroller had decided that the notes of this Bank could not be paid in in commutation of the contributions of the Banks to the Safety Fund. He grounds his decision upon the act passed on the 12th of April, which says the amount commuted may be paid in in of any banking corporation against which an injunction has been granted, which he understands to mean any corporation against which an injunction had been granted at the time of the passing of the act. We shall probably know

in a day or two if this report is correct. The annual meeting of the stockholders of the Hartford and New Haven Railroad was held at Hartford on Saturday. The election for Directors was strongly contested, and a part of each of the two tickets was elected. The foilowing gentlemen were chosen Directors: Daniel Break. John H. Webb, David Watkinson, James H. Wells, Hartford: James Boorman, Elisha Peck, of New-York: James L. Belden, of New-Haven; James S. Brooks, of Meriden; Chester W. Chapia, af Springfield. This is a considerable pears that the earnings of the road the past year were about \$99,000; expenses about \$30,000. The present debt of the Company is \$ 48,000, and statements were made by gentlemen showing that this might be extinguished in less dends. A resolution was passed to apply to the General Assembly for power to issue bonds to the amount of \$100,000. Firty per cent, of the earnings to be set apart as a sinking fund for the payment of said bonds.

The following stocks were sold at Boston:

The Banks of Richmond commenced paying specie on the 15th. Very little specie was drawn out, and we have no doubt that, from this circumstance, public confidence in their permanent resumption will increase. The Bank of Virginia paid out \$500; the Farmers' Bank \$100, and the Exchange Bank \$50 more than they received, making a total of \$950. Exchange on New-York was 1 a 1 per cent.

At Mabile, exchange had improved 3 to 4 per cent. The demand was light and the supply ample, Sterling was quoted at 40 per cent. premium. Francs 4f.

The value of the assessed property in St. Louis is \$11, 263,000. The New Era says that if there was any currency there would be a fair business doing, but there is no institution capable of supplying any thing of the kind.

At New-Orleans, in consequence of the receipts of Cotton, there had been more bills on the market, and the rates on some points had experienced a decline. Sterling 5 a 5½ per cent. premium; Francs 5.40 a 5.42½; New York, 60 days, 2½ a 3 per cent. discount; sight checks par a ½ per cent. premium. By the St. Mary, from New-York, \$30,000 in specie was received for the City Bank. Judge Cooley having secided that the wharfage tax on exports was unconstitutional, a panic took place in Municipality Notes, which sold at 20 per cent. discount. They afterward recovered somewhat. Treasury Notes were scarce and wanted for Custom-House purposes at ½ discount. Lit tle change in broken notes. Consolidated had improved to 20 a 22 discount. City was beavy, with a slight decline

COTTON .- The same state of quietude that has reign throughout the week continues. Holders are firm, as before, and buyers appear indisposed to take hold, excepting a few spinners for immediate wants, and some few lots for export. From first hands considerable Cotton is going for ward. The sales to-day are about 800 bales, at full prices and of the week about 2,150 bales, at 64 a 91 for Upland and Florida, 6) a 9; for Mobile, and 6; a 10; for New-Orleans.— Of the sales to day, a few bales were new Georgia, of a quality fully fair. It was of good co'or and staple, and sold at 94 a 194c. The arrivals at this port since the 1st inst. are 2,163 bales. Export from the 1st to the 14th inst. 3,735

FLOUR .- The market continues firm at 4 621 for Genesee, with only a fair supply by the boats to day. There is considerable Flour adoat, but it is the accumulations of the last four or five days, during which the weather has been too dirty to hand it. The quantity affoat un-old is quite small, and there is not a barrel of Genesce offering at less than 4 621, and very little to be had, at that rate -Holders of the good lots in market ask 4 69, although we know of no sales above 4 624. The demand has been to fair extent, and almost entirely for Eastern markets. The receipts, as for some time past, mostly Genesee. Flat Ohio brings 4 561 a 4 625; round 4 50. Michigan, in good order, 4 624. Sales 200 bb/s. Troy at 4 564. In Southern there is not much doing, although the inquiry is ather better. A sales of 300 to 400 bbls, scratched Georgetown was made on terms we did not learn. Prices of Southern are not firm. New Georgetown could be bought at 4.75; old 5.25, and probably lower. There is little or no Brandywine Meal in market, and Jersey is not plenty. We quote Brandy wine \$3. Hhds. 16 50. Jersey 2 874 a \$5.

GROCERIES.-The market is unchanged, both in demand and prices. Holders are asxious to sell, but unwilling to yield in prices, and the trade are taking but small lots as nted, in consequence of this firmness. The stock of Brazil is considered about 20,000 bags. The sales on Wednesday and since, of Brazil are about \$,500 bags, mostly for the West. We notice sales to day of \$00 bags Rio at 74 a 9, and 150 St. Doming o at 6je, cash. We quote Java 112; Maracaibo 8 a 9; Laguyra 3; a 9; Cuba 8;. Not much doing in Spices. Cassia 22c; Sumatra Pepper 84. Sugars are inactive, but we cannot perceive any giving way in the market. In carling attention to "Bristot s Extract or Sarsapartilla," a remarkable cure by which is attested in our columns this morning, we are confident that we are doing a service to all who may be afflicted with scrofulous and other disorders originating in impurity of the blood, or with kindred forms of local sisease. We have known Mr. Bristot for years as a gentleman of intelligence and integrity, and we have known instances within the sphere of our personal acquaintance where the most formidable distempers have been cured by his. 'Extract of Sarsaparilla.' We do not suppose it will cure all or nearly all diseases; but in respect to the class of disorders above mentioned we speak what we

We invite the attention of those interested to the strongly certified case of cure relat d by Mr. Kristol is our advertising collasms. Sarsaparilla, it is well known, is one of the most efficient, and at the same time innocuous agents in the whole materia medica, and by far the best and purest preparation of it is that offered by Bristol. BRISTOL'S EXTRACT OF SARSAPASILIA—This preparation, advertised in another column, recommended as it has been by the New York Gazette and other papers, by the Medical Faculty of Buffalo, by the editor of the Buffalo Patriot and Journal in a letter to us, is freed from the often well-grounded prejudices against nostrums. We therefore with pleasure automore our belief in its efficacy for the cure of

[From the Geneva Gaze'te.]

We would call attention to the advertisement in our columns to-day of the 'Extract of Sarsuparilia,' from the Laboratory of C. C. Bristol, of Buffalo. Perhaps there is no preparation of the day which enjoys so enviable a reputation as a remedial agent as this. At the West, its success has been unbounded, and wherever introduced we believe it has given the most perfect satisfaction. We have been shown this day a Libbograph, by Steele & Peck, of a most remarkable cure of an obstunate cutamous eruption, where the whole body was covered with large fuisome ulcers, and even the tonsils of the throat eaten away; and by the use

[From the Rochester Daily Advertiser.]

"Bristoi's Compound Extract of Sarsaparilla," prepared by C. C. Aristol, of Buffalo, of which an advertisement may be found in another courant, is a good article, and entirely destitute of all quackery. Independent y of the ample tes-timonials from professional men, adduced by Mr. Bristol, we are well satisfied of the Extract of Sarsaparilla, as we have used it ourselves with eatire success, in removing the affection under which we labored. In all cutaneous affections, especially, it is invaluable.

[From the Daily Buffalo Journal.] The following deservedly favorable notice of Bristol's Extract of Sarsaparilla is taken from the New-Yorker of SARSAPARILLA, -- Althoug's decaledly averse to puffing

Sarsaparilla.—Althoug's decidedly averse to putting any of the quack remedies of the day, yet we are induced to notice a medicine of a different charact r, at the instance of a friend who has need it with decided surers in his family. We allude to "Bristol's Compound Extract of Sarsaparilla," which is extensively manufactured at Buffalo, by C. C. Bristol, Druggi t. We do this the more readily, as it is warmly recommended by many able medical men at the West, and raw we are assured, by all the Physicians in Buffalo, who state that they use it in their practice, and with decided success in chronic diseases and other affections arising from an impure state of the blood. This is a convincing proof of its efficiency, as the medical faculty, it is well known, are decidedly opposed to all quack remedies.

We are sorry to perceive that many of our younger, well as older memoers of society in this city, are completed in your what are thought to be rhennatic pains. Now in or long course of practice in the medical profession, we have at all times found that the mejority of those cases were it coust quence of the too free use of mercurial preparation as purgatives, i.e., and we inverfuled to revise and out the same with the Surseparalia. There are many preparations of that root, but none, we believe is equal to that prepared by C. C. Bristol of Buffalo. We know not whether has an avent in this town at present, nor if there is any of
